Add Organization And Enhance The Appearance Of Dining Areas

Benefits

- Add attractive service functionality to patios and indoor dining areas
- Easy mobility to provide dining room flexibility

Features

- Stainless steel welded construction
- Sealed disposal receptacle for waste liquids
- Choice of stainless steel or laminate exterior finishes
- Concealed casters provide built-in look
- Open and concealed storage

Casters

- All-swivel 5" cushion tread

**Liquid disposal and
waste chute**

**Sealed 7-gallon waste
liquid receptacle**

Specifications:

Unit is of welded stainless steel construction and has 18-gauge sides and 16-gauge top. Interior compartment floor is 18-gauge stainless steel. Top has 6" high backsplash wall on three sides. Open compartments include three sets of adjustable-height universal ledges to accommodate bus tubs or various trays. Unit top features a refuse chute and drop-in stainless steel drainage sink for liquid waste. Sink drains to a sealed 7-gallon polyethylene waste liquid receptacle. Enclosed compartment includes space for liquid receptacle and waste bin (bin not included). Hinged compartment door has recessed paddle latch. 5" all-swivel casters with cushion tread wheels are recessed/hidden and are fastened to a stainless steel dolly frame for extra strength.
