Push-Pull

Heavy-Duty Utility Carts

Specifications:

Lakeside model 163421 is of welded stainless steel U-frame construction. Shelves are 18-gauge and U-frame is 1" x 1" x 1/8" angle stainless steel. Full-height tubular handle is hinged at the bottom to swing out for pulling action, and locks in upright position for pushing action. Optional on-board hitch bar system connects frame crossmembers to allow for towing of multiple carts. Casters are 5" (2 ea. fixed and 2 ea. swivel with brake) non-marking with cushion tread, fastened to reinforced 18-gauge stainless steel crossmembers for extra strength.

Model 163421
