# Adaptable Configurations at Affordable Price Points

## Choose Your Setup with Lakeside Modular Breakfast Carts

Get the flexibility you need, exactly when you need it. Lakeside Modular Breakfast Carts are built to your specific needs, available in multiple configurations at an affordable price point. Looking for a breakfast cart with two wide shelves and a reduced height? Or perhaps a three-shelf cart with chilled eutectic bins? These carts take into consideration the ever-changing needs of your students – no matter if it’s kindergarteners or high schoolers, these carts can answer to the demands of K-12 foodservice. The best part? The choice is up to you!

What will you go with? Explore the options and make your choice.

1. Removable Magnetic Laminate Graphic (Optional)
2. Angled Shelving\*
3. Eutectic Shelving\*
4. Flat Shelving\*
5. Adjustable End Shelves†

‡ Baskets, pans, bins, and additional eutectic bins sold separately.

# A Closer Look at the Features

Making Them Work for Your Students and Staff

## Variety of Shelves for Eye Catching Displays

Choose stainless steel angled shelves to showcase an array of food that catches the eye from a distance. Opt for stainless steel flat shelves to maximize space for even more tempting food options.

## NSF 7 Standard Eutectic Bins

Designed to comply with some state's strict regulations on perishable items, this cart features NSF 7 standard eutectic bins, making it the perfect solution for safely transporting fruits, dairy, and other perishables. Select these shelves to keep milk, juice, water, and other beverages perfectly chilled throughout the day. Eutectic bins included!

## Flexible Shelving Widths and Heights

Choose 54-5/8"-wide shelves (models 172620 and 172622) for larger servings or 41-1/2"-wide shelves (models 172619 and 172621) for a compact setup that saves space. For top-shelf height, select 47-3/4" (models 172619 and 172620) for middle and high school students or 29-3/4" (models 172621 and 172622) to suit K-5 accessibility needs.

## Adjustable End Shelves

Maximize your storage and serving options with versatile foldable end shelves. Select the all-sides-up end shelves to showcase extra food, hold drinks, or choose the flat-top end shelf to hold a cash register or POS system. When you're done, simply reposition them downward to save space and keep your setup sleek and organized.

## Price Slider Clips

Make product names and prices crystal clear with easy-to-use slider clips, ensuring a smooth and efficient experience for both students and staff. Magnetic and designed for seamless attachment to shelf fronts.

## Durable Stainless Steel Construction

Built to handle the demands of daily use, the sturdy stainless steel construction is resistant to wear and corrosion and easy to clean, making it a solid choice for busy K-12 foodservice environments.

## Portable 5" All-Swivel Casters, 2 with Brakes

These expandable bushing casters easily glide through hallways and around tight corners with precision. Once a location is found, lock the brakes down and get serving. Perfect for dispersing large crowds in crowded serving areas, ensuring smooth, hassle-free movement every time.

## Removable Magnetic Laminate Graphic (Optional)

Easily update your menus and designs with the optional magnetic laminate sign. It attaches seamlessly to the front, back, or both sides of the stainless steel signage. Quick to clean and even quicker to swap out, it's a hassle-free way to keep things looking fresh.

# Selecting Your Configuration

## Practical Examples for K-12 Foodservice Operations

Pick the modular breakfast cart that fits your school's breakfast program with adaptable configurations. Check out some quick starter examples below!

### 1. SHARE CARTS WITH PERISHABLE ITEMS

Choose the Lakeside 172619 Modular Breakfast Cart  
Grade Level: All Grades (K-12)

- Eutectic bins are designed to keep perishable items fresher for longer, and uphold NSF 7 standards.
- Three 41-1/2"-wide shelves allow plenty of space for students to deposit unwanted food items, reducing food waste and potentially addressing student hunger for those that partake.
- Eye-catching and mobile... with a top-shelf height of 47-3/4", optional laminate graphics, and stainless steel signage, it stands out for easy identification and offers easy mobility across cafeterias with minimal hassle.

### 2. BREAKFAST-IN-THE-CLASSROOM PROGRAM CART

Choose the Lakeside 172622 Modular Breakfast Cart  
Grade Level: Elementary School (K-5)

- Reduced top-shelf height of 29-3/4" provides easy access for elementary school children.
- Two spacious 54-5/8"-wide shelves and an all-sides-up end shelf offer space for a variety of meals, drinks, napkins, or utensils.
- Teachers and staff can effortlessly wheel the cart into each classroom to deliver nutritious meals directly to students.

### 3. SCHOOL-WIDE GRAB-AND-GO BREAKFAST CART

Choose the Lakeside 172621 Modular Breakfast Cart  
Grade Level: Middle School (Grades 6-8)

- Reduce queuing with a retail-like experience, featuring a spacious two-shelf design that holds up to three pans, bins, or baskets per shelf.
- Stock the two shelves with easy grab-and-go options such as oranges, yogurt cups, and juice boxes. For improved visibility and accessibility on top shelf, opt for the angled shelf design.
- Utilize the flat-top end shelf for restocking or a POS register, promoting healthy breakfasts that support focus and attendance.

### 4. AFTER-LUNCH SNACK STATION FOR EXTRACURRICULAR ACTIVITIES

Choose the Lakeside 172620 Modular Breakfast Cart  
Grade Level: High School (Grades 9-12)

- Top-shelf height of 47-3/4" makes it perfect for busy, high-traffic high school campuses where visibility is a priority.
- Stock its three shelves that are 54-5/8"-wide with a mix of protein bars, sandwiches, and sports drinks.
- Easy to maneuver to high-traffic areas like gyms or libraries, keeping students fuel for their activities.
