A Closer Look at the Features

How They Work for Your Students and Staff

Flat Shelving

Stainless steel flat shelves maximize space for even more tempting food options. Their sleek design ensures durability and easy cleaning, making them a practical and stylish choice.

Price Slider Clips

Product names and prices become crystal clear with easy-to-use slider clips, ensuring a smooth and efficient experience for both students and staff. Magnetic and designed for seamless attachment to shelf fronts.

Durable Stainless Steel Construction

Built to handle the demands of daily use, the sturdy stainless steel construction is resistant to wear and corrosion and easy to clean, making it the perfect blend between superior durability and economical value for busy K-12 foodservice environments.

Portable 5" All-Swivel Casters, 2 with Brakes

These expandable bushing casters easily glide through hallways and around tight corners with precision. Once a location is found, lock the brakes down and get serving. Perfect for dispersing large crowds in crowded serving areas, ensuring smooth, hassle-free movement every time.

Flexible Shelving Widths and Heights

Choose 54-5/8"-wide shelves (**models 172620 and 172622**) for larger servings or 41-1/2"-wide shelves (**models 172619 and 172621**) for a compact setup that saves space. For top-shelf height, select 47-3/4" (**models 172619 and 172620**) for middle and high school students or 29-3/4" (**models 172621 and 172622**) to suit K-5 accessibility needs.

Customize Your Cart to Fit Your Needs

Enhance Any Model with Variety of Customizable Options

Angled Shelving for Eye Catching Displays

Select stainless steel angled shelves to showcase an array of food that catches the eye from a distance. Their strategic design enhances visibility, drawing attention to your offerings from afar.

NSF Listed Eutectic Bins and Shelving

Designed to comply with some states' strict regulations on perishable items, the optional cutout shelves and NSF listed eutectic bins make it the perfect solution for safely transporting fruits, dairy, and other perishables. Select these options to keep milk, juice, water, and other beverages perfectly chilled throughout the day.

Adjustable End Shelves†

Maximize your storage and serving portions with optional foldable end shelves. Select the all-sides-up end shelves to showcase extra food, hold drinks, or choose the flat-top end shelf to hold a cash register or POS system. When you're done, simply reposition them downward to save space and keep your setup sleek and organized.

Generic Vinyl or Removable Custom Magnetic Graphics

Easily update your menus and designs with the optional magnetic sign. Graphics attach seamlessly to the front, back, or both sides of the stainless steel signage. Quick to clean and even quicker to swap out, it's a hassle-free way to keep things looking fresh.

†You may order as many end shelves as you need, in the style (flat-top or all-sides-up) of your choice.

Practical Examples for K-12 Foodservice Operations

Pick and customize the modular breakfast cart that fits your school's breakfast program with adaptable configurations. Check out some quick starter examples below!

1. SHARE CARTS WITH PERISHABLE ITEMS

Choose the Lakeside 172619 Modular Breakfast Cart

Grade Level: All Grades (K-12)

- Optional eutectic bins and shelving keep perishable items fresher for longer and uphold NSF requirements.
- Three 41-1/2"-wide shelves allow plenty of space for students to deposit unwanted food items, reducing food waste and potentially addressing student hunger for those that partake.
- Top-shelf height of 47-3/4" with optional graphics and stainless steel signage enhance visibility, ensure easy identification, and provide hassle-free mobility for staff in cafeterias.

2. BREAKFAST-IN-THE-CLASSROOM PROGRAM CART

Choose the Lakeside 172622 Modular Breakfast Cart

Grade Level: Elementary School (K-5)

- Reduced top-shelf height of 29-3/4" provides easy access for elementary school children.
- Two spacious 54-5/8"-wide shelves and an optional all-sides-up end shelf offer secure space for a variety of meals, drinks, napkins, or utensils.
- Effortlessly wheel the cart into each classroom to deliver nutritious meals directly to students.

3. SCHOOL-WIDE GRAB-AND-GO BREAKFAST CART

Choose the Lakeside 172621 Modular Breakfast Cart

Grade Level: Middle School (Grades 6-8)

- Reduce queuing with a retail-like experience by choosing this spacious two-shelf design that holds up to three pans, bins, or baskets per shelf.
- Stock the two shelves with easy grab-and-go options such as oranges, yogurt cups, and juice boxes. For improved visibility and accessibility on top shelf, opt for the optional angled shelf design.
- Select the optional flat-top end shelves for restocking or holding a POS register, promoting healthy breakfasts that support focus and attendance.

4. AFTER-LUNCH SNACK STATION FOR EXTRACURRICULAR ACTIVITIES

Choose the Lakeside 172620 Modular Breakfast Cart

Grade Level: High School (Grades 9-12)

- Top-shelf height of 47-3/4" makes it perfect for busy, high-traffic high school campuses where visibility is a priority.
- Stock three 54-5/8"-wide optional eutectic shelves with a mix of cold sandwiches and sports drinks.
- Easily maneuver to high-traffic areas like gyms or libraries, keeping students fueled for their activities.
