

STAINLESS STEEL DELIVERS

This is where reliability begins.

Stainless steel keeps working – load after load, shift after shift.

- **Unmatched durability** made to withstand demanding daily use
- **Non-porous stainless steel surface** is easy to clean AND sanitize, helping support a clean, hygienic operation
- **Capacity up to 1,500 lbs** on select models for efficient, heavy-duty hauling
- **Superior craftsmanship** built to deliver years of durable, dependable service
- **Proudly manufactured** in the USA
- **Built to your specs** with custom and modification options
